EDUCATION

University of Michigan - School of Information

Bachelor of Science in Information (BSI) - User Experience Design

Ann Arbor, MI

Aug 2023 - May 2027

- Cumulative GPA: 3.9/4.0
- Relevant Coursework: HCI, UX Design, Advanced Qualitative Research Methods, Data-Oriented Programming

WORK EXPERIENCE

Snap Finance

Salt Lake City, UT

UX Research Intern

May 2026 - Aug 2026

- Owned end-to-end research for 3 unmoderated usability studies with 45 participants, developing research plans, scenarios, tasks, and questions; analyzing qualitative data; and presenting findings and recommendations to product and design partners.
- Evaluated servicing account information and payment alerts across 2 studies with 30 participants, identifying comprehension and noticeability issues and delivering recommendations to better distinguish informational account updates from messages requiring customer action.
- Led a 15-participant study of Snap's Spending Power education experience, identifying customer mental models and misconceptions around financing options, estimated spending power, and financing costs to inform future product education and UX decisions.
- Independently designed and developed rastrack, a research operations tool for documenting research recommendations, tracking adoption status and impact, calculating recommendation-adoption scores, and surfacing research impact over time.

University of Michigan Student Life Technology Solutions

Ann Arbor, MI

Computer Consultant II

April 2025 - Present

- Maintain and troubleshoot access control, digital signage, AV, and other technology across 75+ campus buildings, resolving 10+ technical issues daily.
- Coordinate hardware deployments and management of 5,000+ technology assets with a 20-person student team.

ADDITIONAL EXPERIENCE

University of Michigan Women's Ultimate (Flywheel)

Ann Arbor, MI

Gear Designer and Coordinator

July 2024 - August 2026

- Created 30+ designs and mockups for team branding and merchandise, including logos, jerseys, hoodies, and accessories using Adobe Photoshop and Illustrator.
- Managed communication with 4+ vendors and coordinated production of 20+ products, balancing design specifications, budgets, timelines, and manufacturing constraints.

WolverineSoft Studio

Ann Arbor, MI

Game Designer

Sep 2025 - Dec 2025

- Collaborated on a 4-person multidisciplinary team to design a top-down roguelike game; created a 14-page game design document, user flows, wireframes, and gameplay diagrams in Figma.

PROJECTS

MotiMuse

Ann Arbor, MI

Product Manager & User Experience Designer

Oct 2025 - Nov 2025

- Directed product strategy and coordinated weekly sprints across a 5-person cross-functional team, delivering a fully scoped MVP in 6 weeks.
- Conducted 7+ user interviews and translated research findings into product requirements, user flows, 25+ wireframes, and a high-fidelity interactive prototype.
- Led product storytelling and pitch development, earning 1st place in the EdTech track and 2nd place overall among 72 teams, securing \$5,000 in seed funding.

SKILLS

- **UX Research:** Askable, usability testing, user interviews, qualitative research, research planning, thematic analysis, research synthesis
- **UX & Product Design:** Figma, Adobe Photoshop, Adobe Illustrator, wireframing, prototyping, user flows
- **Technical:** Python, SQL, JavaScript, HTML/CSS, Microsoft 365
- **Other:** Rayyan, SRDR+
